

# Stainless 36DD Mancooler®

## Product Highlights:

- 120V, 60Hz, 5.3A
- Direct Drive
- 1 Phase, 2 Speed, 1/2 HP Motor
- Stainless Steel housing
- Three Bladed Aluminum Propeller

The Stainless 36DD is the newest addition to our "Quiet" Mancoolers. A great choice for areas where air movement and cooling are needed. The stylized blade design and lower speeds are what make this fan quiet for the user but still have sufficient velocity to move air to where it is needed. A two-speed open drip motor helps to keep the fan running cooler. The black diamond-plated housing has two handles for easy mobility.
